

Our outdoor LED light panels are IP65 and our power supplies are IP68. Not only our outdoor light panels rated for the elements, but they are completely custom sized. Outdoor LED light panels are used for backlighting outdoor advertisements or adding ambiance to areas once never thought possible. Whether your area has high heat, bitter cold, heavy rains, or snow; you can trust CPD's outdoor light panels to last an extended amount of time. Our outdoor panels are rated to last 50,000-75,000 hours.
